EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark L. Yaskanin on July 29, 2004.

The application has been amended as follows:

In claim 22, line 8 of the claim, after "said valve body" insert "--adjacent the protrusion--".

In claim 23, line 9 of the claim, after "protrusion intersecting", delete "or above".

REASONS FOR ALLOWANCE

2. Claims 1-23 are allowed.
3. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims is a concentrically oriented protrusion intersecting/adjacent the transverse passageway in combination with a valve that allows selective filling and discharge of a container with a valve core independently moveable in a chamber of a valve stem.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
